## SUBJECT INDEX

### *Cattle*

- Feed evaluation and nutritional requirements in ruminants ..... 217

### *Genetics and selection*

- |  |     |
|--|-----|
| Adjustment factors for growth traits in Chios sheep .....                    | 409 |
| Correlated responses in selection for front-leg weakness in Duroc pigs ..... | 443 |
| Divergent selection for front leg weakness in Duroc pigs .....               | 459 |
| Mating policy in a closed pig population .....                               | 443 |
| Osteochondrosis in Duroc pigs selected for front leg weakness .....          | 487 |
| Population size and selection intensities in a closed pig population .....   | 417 |
| Veterinary Genetics (book review) .....                                      | 531 |

### *Growth*

- Growth traits in Chios sheep ..... 409

### *Horses*

- Feed evaluation and nutritional requirements ..... 279

### *International co-operation*

- Study on Livestock feed resources and feed evaluation in Europe ..... XXV

### *Management and health*

- |  |     |
|--|-----|
| Feed station design: behaviour of group-housed sows .....                      | 511 |
| Front leg weakness in Duroc pigs: genetic control .....                        | 473 |
| Gestation systems in sows: longevity and maternal productivity .....           | 499 |
| Osteochondrosis in Duroc pigs selected for front leg weakness .....            | 487 |
| Reproductive components in traditionally managed sheep and goats in Mali ..... | 523 |

### *Nutrition*

- Feed evaluation and nutritional requirements.  
farmed Atlantic salmon and rainbow trout ..... 369

fur bearing animals .....	355
non-ruminant herbivores: horses, rabbits .....	279
pigs and poultry .....	299
ruminants .....	211
Feedstuffs	
by-products of animal origin .....	159
cereals, pulses and oilseeds .....	47
compound feed and feed additives .....	197
forages .....	13
straw and other fibrous by-products .....	137
vegetable by-products of agro-industrial origin .....	97
Impact of feed in livestock production .....	3
National feed utilization matrix: methodology .....	375
Ruminant feeding in the tropics (book review) .....	532

*Other species*

Feed evaluation and nutritional requirements	
in farmed fish .....	369
in fur bearing animals .....	355
in poultry .....	299
in rabbits .....	289

*Pigs*

Behaviour of group-housed sows: effects of feed station design .....	511
Feed evaluation and nutritional requirements in pigs .....	299
Front leg weakness: divergent selection in Duroc pigs .....	459
Front leg weakness in pigs: correlated responses in selection .....	473
Longevity and productivity of sows in different gestation systems .....	499
Mating policy in a closed pig population .....	417
Osteochondrosis in Duroc pigs selected for front leg weakness .....	487
Population size/selection intensities in a closed pig population .....	417

*Reproduction*

Reproductive components in Mali sheep and goats .....	523
Sow productivity in different gestation systems .....	499
Sow productivity in Duroc lines selected for front leg weakness .....	473

*Sheep and goats*

Feed evaluation and nutritional requirements in ruminants .....	217
Growth traits in Chios sheep .....	409
Reproductive components in Mali sheep and goats .....	523
